

DIGTA SWINGPHONE 568 ***DIGTA HEADPHONE 565*** ***DIGTA EARPHONE 957***

Digta Headphone series

All headphones dispose of a quick separation coupling. The long part of the cable is still connected to the soundbox or PC when the workstation is left. The headphone with the short part of the cable can be stored in a bag or in a drawer without running the risk of being twisted or knotted. All headphones can be combined with a GBS, USB or Jack plug.

GBS plug :

Cable with GBS connector, suitable for Stenorette Sh 24, all desktop devices, Digta Soundbox 830 and Digta Station 441 / 446 / 447 Plus.

USB plug :

Cable with USB plug with integrated sound card.

Jack plug :

Cable with jack connection 3.5 mm, suitable for all digital hand-held dictation devices of the Digta series.
