

# USB-C 4K docking station for 1 HDMI monitor, Ethernet, USB-C, USB-A, card reader and PD pass-through

Item No. AC7092

## DESCRIPTION

Hoe kunnen we je helpen?

7 in 1 | 1x 4K@30Hz HDMI monitor | 100W PD pass-through | 1x USB-C | 2x USB-A | Gigabit LAN | Micro SD/SD card reader | aluminium

- Multiport dock for connecting a 4K@30Hz HDMI monitor to a USB-C laptop
- 1x USB-C data port (5Gbps), 1x USB-A data port (5Gbps), 1x USB-A data port (480Mbps) Gigabit Ethernet, SD and micro SD card reader
- 100W Power Delivery pass-through port for charging the connected laptop
- Solid aluminium design
- Plug and Play: USB-C port with DisplayPort Alternate Mode (DP Alt Mode) required

**The AC7092 USB-C 4K Docking Station transforms your laptop into a complete workstation with a single USB-C cable. This 7-in-1 multiport dock adds HDMI, Gigabit Ethernet, one USB-C port, two USB-A ports, one USB-C PD pass-through port and an SD/Micro SD card reader to your laptop. This solid aluminium multiport dock is USB powered, no external power supply required.**

### Turn your laptop into a workstation

The AC7092 is a complete 7-in-1 portable docking station, also known as a multiport adapter. Add an external display by using the HDMI port. Suited for a monitor with a maximum resolution of 4K@30Hz.

The AC7092 features Gigabit LAN. In most offices, Gigabit LAN is used to connect to the corporate network rather than the Wi-Fi network.

The built-in USB hub provides a USB-A 2.0 port for connecting peripherals, such as the receiver of your wireless keyboard and mouse and a USB-A 3.0 port for connecting a USB drive. Additionally, the multiport dock also has a USB-C 3.0 port, so you are ready for future products. The 3.0 ports offer SuperSpeed USB 5Gbps for transferring data to and from an external SSD or USB adapter. The built-in card reader accepts SD and Micro SD cards.

### Supports Power Delivery pass-through

A USB-C port can generally support data, video, power or a combination of the three. If your notebook has a USB-C port that supports all three: data, video and power, the PD pass-through port on the AC7092 can be used to charge your laptop. Once connected to the multiport dock, the laptop is powered through the USB-C Power Delivery pass-through port, which is powered by the laptop's USB-C power supply.

### Portable aluminium design

The AC7092 is a compact yet versatile device with a rugged aluminium body. Perfect for taking along in your laptop bag.

## SPECIFICATIONS

Product category	USB-C docking stations
USB Type-C	Yes
Connection cable connectors	USB C
Connection cable	18 cm

Connection cable type	Fixed
Power Delivery ports	1
Power Delivery pass-through	Yes
Max. Power Delivery power	100 W
Supported Power Delivery profiles	12.0V up to 2.33A, 15.0V up to 2.5A, 20.0V up to 5.0A, 5.0V up to 1.4A, 9.0V up to 2.17A
Device charging ports	USB C Power Delivery 100W
Connections	HDMI, RJ45, USB
Peripheral ports	Micro SD card reader, SD card reader, USB (x2), USB C
USB 2.0 - HighSpeed 480 Mbps peripheral ports	USB
USB 3.2 Gen 1 - SuperSpeed 5 Gbps peripheral ports	USB, USB C
Needed on laptop	One free USB 3.2 Gen 1 - SuperSpeed (USB 3.0) C port with DisplayPort alternate mode
Display ports	HDMI
4K compatible	Yes
Max. resolution @ 30Hz	4096 x 2160
Max. resolution @ 60Hz	4096 x 2160
Number of displays	1
Video signal	HDMI
Video specification	HDMI High Speed
Video version	HDMI 2.0
LAN speed	10/100/1000 Mbps
Power supply	Bus powered, Optional external power supply
Warranty (years)	5
EAN code	8716065548952
