

D-Line Socket Enclosures (aka Cable Tidy Units) provide the most popular solution to contain extension sockets and cable spaghetti.

The smart tech design blends with modern surroundings. 3x rear cable entry/exit slots enable cables to be routed to left-side, right-side or vertical.

Fully safety tested, and produced from electrically-safe robust ABS material with an effective click-lock lid, these Socket Enclosures sort unsightly cables and contribute to a positive Health & Safety culture.

- Tidy, route & sort unsightly cable clutter
- Make surfaces easier to clean
- Make socket blocks less accessible
- Prevent feet snagging cables under desks - save entanglements and costly disconnections
- Produced using electrically-safe ABS material

ABS base & lid	Robust material Fire rated – flammability class UL94.94HB
Max ambient temperature	60°C
3x cable entry/exit points	Enables cables to be routed left, right and above Provides heat dispersion
Click-Lock lid	Flat for use to stand ancillary items 4 points of retention Effective in-situ, but can be removed and re-closed as required
Capacity	If using 240v cables leave 45% of internal capacity for air circulation
Dimensions	(L) 415mm x (W) 165mm x (H) 135mm - Large (L) 325mm x (W) 125mm x (H) 115mm - Small
Weight	Shrink-wrapped - 0.66kg Each Packed in box 0.84kg - Large Shrink-wrapped - 0.44kg Each Packed in box 0.56kg - Small
Quality approvals	Fully safety tested and certified to BS EN 60670-22:2006
Available colours	Black or White
UV stabilised	Will not discolour in sunlight
Packaging	Usually supplied shrink-wrapped
Recyclability	Yes
